Reports

George Serio, Essex County representative, gave an overview of upcoming County activities and plans for the next impending storm, noting that the County facilities were hit hard by the last storm.

Rob Walton, area manager for JCP&L, reviewed storm preparations. Mr. Walton and the Township Committee discussed assessment and restoration processes. He also discussed their tree trimming program as prevention for outages.

Kathy Stein, of Hobart Avenue, thanked JCP&L for their efforts and the tree trimming cycle. She noted that some of the branches run through the wires.

Judy Rosenthal, of 12 Marion Avenue, asked with worsening storms due to climate change, will JCP&L consider burying the wires? Mr. Walton said they researched it after Superstorm Sandy and came to find the cost is staggering at approximately 4 million dollars per mile.

Bob Kopek , of 15 the Crescent, thanked Mr. Walton for JCP&L being more communicative and noted that this was the 5th power outage in 4 years. He said JCP&L needs to prioritize risk. He said the BPU need to be held to account. He said burying is expensive, but they need to be proactive. Mr. Walton said the microgrids are being reviewed for municipalities and they have also increased their tree trimming standard.

Sarit Catz, of Fairfield Drive asked if there is a way to notify people in advance if the power is going to be shut off purposefully as part of restoration efforts. Mr. Walton said they will work on doing a better job of communicating planned outages.

Deborah Nevis stated there needs to be better communication about schools and whether or not they are open due to power issues. Mr. Walton stated that the school has a representative and they should be in close contact.

Ms. Rosenberg noted that March is Meals on Wheels month and they are always looking for volunteers. Ms. Thall-Eglow said the Environmental Commission is still working on the as built survey presentation and are working with the Township Engineer. She also gave a brief update regarding energy aggregation.

Mr. Falcon stated that the Stop and Shop case was dismissed after 24 years and there are no appeals.

Mayor Burstein announced that the Library is conducting a fundraiser for the children's room and they are also currently conducting a book sale. She thanked everyone for their cooperation and help during Winter Storm Quinn. She also announced an event on April 27th , Battle of the Badges, which is a cook-off at the Millburn Fire Department that is a fundraiser to benefit Opportunity Project.

Public Discussion

Mayor Burstein reviewed the agenda items. She then asked if there were any comments or questions regarding items on the Consent Agenda. Ms. Thall-Eglow questioned item 18-082, stating Rocktoberfest was a huge success previously and questions the need for day drinking at an outdoor festival geared towards families and is raising money for schools, where people then get in their car and drive home. Ms. Burstein said it is sponsored by the Ed Foundation. She said she will allow this to be addressed by a representative from the Ed Foundation when the discussion is open to the public. Ms. Eglow also questioned the resolution regarding gasoline station and tanks license, wondering if they are replacing something. Ms. Gatti noted this is an annual license required by the township and is simply a renewal.

Kerry Straussberg, of 20 Undercliff Terrace, came forward to address Ms. Thall-Eglow's Rocktoberfest question. She said it is a town event for all ages and she said they are providing incentives that will interest all ages. She said there is a small contained beer garden in addition to many other events. She said it was a great success last year and there weren't any issues. Mayor Burstein suggested that the resolution be removed from the Consent Agenda and voted on separately.

Mayor Burstein asked if there were any other questions regarding the Consent Agenda. Sarit Catz came forward and inquired about resolution 18-083. Mr. McDonald replied that the

Millburn Township Committee Meeting Minutes

schools and the township are making a joint effort to repair the pedestrian bridge at the middle school and the sidewalks at the Washington School. He said the township is taking the lead in the application but the school is still a partner.

Jennifer Duckworth, of 82 Linden Street, thanked Ms. Rosenberg and Mr. McDonald for their support of Safe Streets to School and their various events. She noted Walk to School Day is May 9th. She thanked everyone for their support.

Consent Agenda

Mayor Burstein asked for a motion to approve the items on the consent agenda, noting the removal of 18-082. Ms. Rosenberg made a motion to approve the consent agenda, which was seconded by Ms. Lieberberg.

Roll Call Vote: All Ayes, except Levy, who was absent

Mayor Burstein brought forth resolution 18-082 for consideration. Ms. Rosenberg did not see a problem with it, stating that people should behave responsibly in this circumstance, just as they would if they were going out to a bar for an evening. Ms. Lieberberg stated she would like to see a safe driving mechanism included, such as Uber or a taxi service. Ms. Lieberberg said she was not ready to vote on it tonight. Mayor Burstein said they would postpone voting until another meeting, where there was a full committee and the Ed Foundation would address some of Ms. Thall-Eglow’s concerns.

RESOLUTION TO READ BY TITLE –

2018 DOWNTOWN MILLBURN DEVELOPMENT ALLIANCE

WHEREAS, pursuant to NJSA 40:56-84, the Downtown Millburn Development Alliance 2018 Budget, as advertised, may be read by its title at the public hearing, if a complete copy of the approved budget, as advertised, shall be posted, in a public place where public notices are customarily posted in the Town Hall of the Township, and is made available to each person requesting the same, during that week and during the public hearing; and

WHEREAS, the Township Committee of the Township of Millburn hereby determines that the above conditions have been met;

NOW, THEREFORE, BE IT RESOLVED that the 2018 Downtown Millburn Development Alliance Budget shall not be read in full, but by its title only.

Mayor Burstein opened the public hearing.

DJ Priore, President of the DMDA, discussed additional information regarding actual that were provided to the committee, per their request. Ms. Eglow wanted to know why their budget request has not been adjusted, since ¼ of the year is over. A discussion ensued regarding the budget and issues with the staff, including the exit and settlement agreement of the Executive Director. Mr. Priore stated that many of the details of this agreement could not be discussed, as they are confidential. Ms. Eglow stated she could not, in good faith, vote on the budget without knowing the details. Mayor Burstein clarified that the DMDA Executive Board voted on this, to which Mr. Priore responded affirmatively. Mayor Burstein asked if the budget was reduced by 25%, could they have enough to operate. Mr. Priore said that would not be feasible. Mr. Priore and Mayor Burstein discussed the hiring of a new Executive Director. He addressed concerns from the committee members regarding programming. He said the dilemma is there is only so much that can be done if there is no budget. The committee discussed the timing of the budget being presented and various aspects of the presented budget, with Mr. Priore addressing their questions.

Sarit Catz came forward and said the reviewed budget seems out of balance with what the organization is supposed to do. She said more should go into marketing and less into administration.

Richard Wasserman came forward and said he is disappointed with the DMDA and their lack of marketing. He said he does not see much value for the money being spent. He suggested hiring a PR firm for \$100,00 and reconsider how the organization is put together or eliminate it.

Cassie Fishkin, owner of Casita at 321 Millburn Avenue, stated she is an Executive Committee and Board member of the DMDA. She said she was one of the people pushing for change at the DMDA because of mismanagement. She addressed an number of concerns raised earlier, noting that without the budget being passed, there will not be any events. She said the organization should work in concert with the Chamber. She said they want to rewrite the bylaws and restructure from within. She said there are ways to make up shortcomings in the budget and make up for the settlement. She said if things are run properly, spending can be reduced and reallocated. She said she would like to see it run as a business.

Millburn Township Committee Meeting Minutes

Ann Levinson, of 3 Thackery Drive, said money is allocated for the activities in the regular budget. Mayor Burstein and Mr. McDonald explained that these are not allocated for in the municipal budget, just the DMDA budget.

Mayor Burstein closed the public hearing and brought forth resolution 18-088. Ms. Rosenberg made a motion, which was seconded by Mayor Burstein and suggested they have a discussion. Mayor Burstein said she agrees with Cassie, noting that there are issues that need to be fixed, but without a budget there is no DMDA, no SID and no events. She said with the work being discussed, she feels it can be a vibrant organization in the future.

Ms. Lieberberg said she supports the DMDA organization, but is concerned and frustrated with the lack of marketing a programming. She said she does not see any kind of specifics pertaining to events and money allocation and she has a real problem with that.

Ms. Eglow said she thinks the DMDA knows they are under the microscope for the first time in a couple of years but we need to be responsible with the funds being handed over. She said she would like to reset the clock and have a new budget handed over. She said she has many reservations that have not been addressed.

Ms. Rosenberg said she is currently the liaison and there is no dispute is that things were not as they should have been. She noted this is in part due to some apathy from the members. She said to criticize what happened in the past serves no purpose. She reviewed the purpose of their mission. She said without funding they cannot move forward. She said she will support them in following their mission. She said it is her position that they should be funded tonight.

Mayor Burstein requested a roll call vote.

Mayor Burstein noted that the DMDA is not funded. Ms. Rosenberg asked Mr. Falcon to explain the legality of this failed vote. He explained that the organization cannot be funded and an amended budget would need to be presented and needs to follow the timeline required by law, which would not be until May. The committee discussed whether or not the budget could be carried. Mr. Falcon suggested reintroducing tonight. A discussion ensued as to whether or not that could be done. Ms. Rosenberg made a motion to re-open the public hearing, which was seconded by Mayor Burstein.

Mayor Burstein asked for a roll call vote.

Roll Call: All Ayes, except Mr. Levy who was absent

Alyssa Sutton, 75 Mountainview Road, came forward and said she sits on the Farmers Market committee. She said without a budget, there will not be a Farmers Market. She said without a budget, everything is at a standstill. She said this could hurt the town even more.

Cassandra Fishkin, owner of Casita at 321 Millburn Avenue, came forward. She said they have been looking at these issues since last spring and they were ignored. She said now they are stuck and need the money. She said the current President needs to go and a change of leadership would be a positive thing. She said they have put forth a lot of effort to turn things around. She asked the committee to reconsider.

DJ Priore, President of the DMDA, came forward and said he felt they did a good job outlining the plans they have going forward for this year. He said he understands that they want more concrete information, but without money that will not be possible. It would be a disservice to postpone this further. He asked that they reconsider. Ms. Rosenberg asked if any member of the DMDA, the people who are assed in the SID, opposed any items in the budget. Mr. Priore responded no.

Debra Nevis, of 65 Knollwood Road, asked if the budget can be approved partially, just to hold them over. She was advised it could not because it is done by a tax assessment.

Mary Lee Reisbeck, of 91 Whittingham Terrace said she has been concerned about the DMDA and echoed what Cassie said regarding leadership in the organization. She asked that the DMDA be funded, with the stipulation that the leadership changes and the documentation being asked for is provided by the next meeting. She said she is confident that there will be improvements in the future.

Mayor Burstein noted that the Township Committee cannot remove the leadership of the DMDA, that is for the DMDA board to do. Ms. Rosenberg noted that the process is in their bylaws and the Township Committee cannot remove someone; the DMDA board must engage in the process.

Phil Kirsch, of 93 Cedar Street, came forward and stated he attended one DMDA meeting. He said the meeting was chaotic and he agrees the leadership should be changed. He stated he thinks Cassandra Fishkin should be the leader. He said Ms. Eglow and Ms. Lieberberg have great questions regarding this ordinance. He suggested they take a leap of faith and approve the budget, noting that this year may be rocky, but with new leadership he is hopeful that things will change.

Mayor Burstein asked if there were any additional public comments. Hearing none and seeing none, so she declared the public hearing closed.

Mr. Falcon was asked for his opinion as to what can happen now. He said if there is a change in numbers, it would need to be reintroduced. He said the process was already followed and the budget was voted down. He said if they want to go through the whole process again, they can do that. Ms. Lieberberg said she does not object to the numbers, she objects to the content and would like greater clarification. She said her question is, is there a mechanism to assure this governing body that with the new leadership that they will be moving forward with some kind of programming that will be enumerated. A brief discussion took place regarding how to handle the situation, with Mr. Falcon noting that the budget would have to be reintroduced if the committee feels they do not have all the information they need to make a decision. Ms. Rosenberg made a motion to reopen the public hearing, which was seconded by Mayor Burstein.

Jamie Serruto, of 77 Jefferson Avenue in Short Hills, said his opinion is that they must pass the budget because that is the only way for the organization and plans to move forward. He said if they don't have any money, there is no way for them to make the plans the members of the committee want provided.

Nancy Stone, owner of Nancy and David Fine Jewels, asked for the committee to show good faith and allow the organization to be salvaged by passing the budget.

Ms. Lieberberg asked Cassandra Fishkin to provide a calendar of events in a couple of weeks, an estimated cost of events, and coordinators. Ms. Fishkin said absolutely and she would also get the chairs to provide reports. She said she will be involved in a number of areas going forward, including part of the search committee for the new director. Ms. Fishkin answered a number of other questions regarding information that would be provided from the DMDA. She implored the Township Committee to pass the DMDA budget tonight.

Cary Heller, came forward and stated the audit that is required by law still has not been submitted. He said he does not see the budget going forward tonight because of formalities. He said the DMDA needs to be defunded for the first quarter, which would nullify the contract of the former director. He noted the DMDA has still not submitted a balance sheet. He disputed the timing of the budget submission. He said the DMDA needs to be reconstituted and stay in existence. He said the Millburn Courtyard would front money for the Farmers Market if needed. He inquired how the property owners would go about getting their tax dollars back. Mr. Heller and Ms. Rosenberg discussed what is and is not possible if the budget is not funded. Ms. Rosenberg suggested Mr. Heller join and be an active executive board member of the DMDA. He also said the DMDA board has been compromised in terms of leadership.

Ed Mazer, of Greenwood Drive, suggested reopening the budget process, noting that not having a budget will hurt the town and merchants. He asked that the budget be reconsidered and the

Millburn Township Committee Meeting Minutes

DMDA be put on a tight leash. He also asked that the next budget be submitted by September 15th, as stated by ordinance.

Mayor Burstein closed the public hearing. She asked if there was a motion. Mr. Falcon said, if there is a motion to reconsider the resolution , he will have to make sure to get in touch with the state attorney general and be sure that this is a valid exercise. Mayor Burstein made a motion to reconsider resolution 18-088, which was seconded by Ms. Eglow.

Roll Call : All Ayes, except Mr. Levy, who was absent

SPECIAL RESOLUTION – 2018 SID HEARING

Mayor Burstein asked if anyone had questions regarding resolution 18-089. Seeing none, Mayor Burstein brought forth resolution 18-089 and asked for a motion to approve, which was offered by Ms. Rosenberg and seconded by Ms. Eglow.

Ordinance 2496-18

on taxes. She asked that the ordinance not be approved because she feels it is too much. Mr. McDonald said the salaries are a result of bargaining unit negotiations and include give backs. Ms. Rosenthal noted that the salaries also do not reflect overtime. She also asked about givebacks and benefits, which were outlined by Mr. McDonald. She asked that a hard look be taken when salaries are re-negotiated after 2019, stating that the salaries are outrageous. Ms. Eglow asked if all of the positions listed in the ordinance are filled. Mr. McDonald noted they are not, but they are positions that could potentially be filled. Ms. Lieberberg suggested looking closely at positions and whether or not they need to be filled. Mr. McDonald noted that there was a zero percent increase in the budget as a result of the negotiations, even with the salary increase. Sarit Catz came forward and asked if Mr. McDonald is the only one involved in the negotiations and if he lives in town. She also asked if the town is legally obligated to fill the listed positions. She made the suggestion of using buyouts to eliminate positions. Regina Truitt, of Hartshorn Drive, asked if Mr. McDonald negotiating the salary was statutorily required. Mr. McDonald reviewed the process, noting that the committee is aware of the process as it is talking place. Ms. Truitt suggested that they be involved in the next round of negotiations. Seeing there weren't any additional public comments, Mayor Burstein declared the public hearing closed. Mayor Burstein made a motion to approve Ordinance 2496-18 on final reading and the motion was seconded by Ms. Rosenberg.

Ordinance 2497-18

Ms. Lieberberg brought forth and reviewed Ordinance 2497-18 for consideration of adoption. Mayor Burstein declared the public hearing open. Judy Rosenthal, of Marion Avenue, asked why the percent exceeds the 2% cap. Mr. McDonald explained the parameters provided by the state, which this year is 3 ½ %, which allows for flexibility in the budget if something unexpected comes up, such as a tax appeal from the mall. Mr. McDonald explained the municipal budget tool, which gives the municipality maximum flexibility. Seeing there weren't any additional public comments, Mayor Burstein declared the public hearing closed. Ms. Lieberberg made a motion to approve Ordinance 2497-18 on final reading and the motion was seconded by Ms. Rosenberg.

ORDINANCE NO. 2499-18

AN ORDINANCE TO AMEND AND SUPPLEMENT THE “TIME LIMIT PARKING,” “PARKING PROHIBITED AT ALL TIMES ON CERTAIN STREETS,” AND “PARKING PROHIBITED DURING CERTAIN HOURS ON CERTAIN STREETS” ORDINANCES OF THE TOWNSHIP OF MILLBURN

STATEMENT OF PURPOSE: *This ordinance is being proposed to address multiple parking issues within the Washington Section of the Township. These changes were decided among the Washington/South Mountain Ad-Hoc Committee. Factors that were taken into consideration were: width of the roadways, traffic volumes, traffic patterns, locations of driveways, the Washington School, the Millburn High School, and sight lines. There was also a conflict of times regarding parking prohibited on certain street, without taking into consideration peak traffic times. The proposal addressed the times to be uniform throughout the Washington Section. Changes were also made to correct conflicts that currently are listed within the ordinances.*

WHEREAS, the Township of Millburn desires to promote the safe and orderly flow of traffic and resolve parking issues in the Washington Section of the Township.

Proposed Development Chatham/Woodland Road

Mayor Burstein spoke about the various options available for proposed development. She said there are various directions in which the township can go. They are: 1) No changes to the present zoning, 2) Rezone the area, 3) Determine if the area is in need of rehabilitation, or 4) determine if the area qualifies as an area in need of redevelopment. She said she understands that the neighbors want things to remain the same, but having no affordable housing puts us behind. She said the township does not want to have all control taken out of our hands and it has been suggested that an area in need of rehabilitation study be done. Mayor Burstein explained the R-3 zone at the request of Ms. Eglow. Mayor Burstein and Mr. Falcon discussed designation as an area in need of rehabilitation would override the current zoning and allows the township to have more control over a plan for the area and what will be allowed. The committee discussed the possibility and repercussions of a builders remedy lawsuit, as well as, the benefits of filing an affordable housing plan. Mr. Falcon noted that if the township takes proactive steps, it will put us in the best possible position with Silverman.

Bebe Shear, of 101 Oakview Terrace, said she is horrified by the misinformation. She reviews the protections through zoning and asked the township not to be tricked into designating an area in need of rehabilitation. She said one way or the other the town is going to court and we will be appointed a special master.

Judy Rosenthal, of 12 Marion Avenue, asked if the area is in a flood zone, which it is not. She expressed concern with adding units that will add children into the school system. She proposed being proactive and zone for senior affordable housing.

Debra Nevis, of 65 Knollwood Road, came forward and voiced opposition to the options presented and said the township should rely in its zoning. She said if there are negotiations, she would like to see neighbors participate and play a role.

Lynne Ranieri, of Oakview Terrace, said she was a member of the Historic Preservation Commission for 15 years. She said the master plan and ordinances are the voices of the township. She encouraged the use of the tools to fight the developer.

David Cosgrove, of 99 Oakview Terrace, said the belief that the area in need of anything does not give the township control. He said once they head down this road, they cannot turn back. He asked that zoning be left the way it is.

Regina Truitt, of Hartshorn Drive, expressed the opinion that she would like to see this go before the Zoning Board.

Bebe Shear came forward again and reviewed her opposition to what is being proposed and said it is completely unsuitable for the site. She said a reasonable project is needed.

Kerry Straussberg, of 20 Undercliff Terrace, said she agrees with many of the concerns, but understands the position of the Township Committee. She noted there are other areas of town that are able to be redeveloped. She said this is a NJ housing issue. She asked how many affordable units are needed to be in compliance in conjunction with the market rate unit. Mayor Burstein said a definitive number has not been given, but the number being discussed at this point is 1,000 units of affordable housing, but clearly there is not space in town for that.

Bebe Shear came forward again and spoke about the numbers based on the vacant land adjustment. She asked that they start negotiating with Silverman, keep it in the 2 story parameters, and not throw away zoning to the area in need of rehabilitation.

Millburn Township Committee Meeting Minutes

Cary Heller, of 56 Byron Road, asked why the town would not rezone while doing the master plan. He said a builder's remedy suit could take two to three years. He said if a plan is filed and accepted, the builders remedy suit is not valid. He also presented questions regarding stream encroachment and land coverage.

Jim Feely, of 46 Crescent Place, said it would be nice if the public had more of an opportunity to participate and it is unfortunate that they don't get to be heard. He said he would like to see the town rely on current zoning and he would like to see this for to the Board of Adjustment. He said he would like the developer to have to fight for every inch.

A resident from Highland Avenue whose name was not audible came forward and suggested having a specific public hearing just on this topic.

The committee engaged in a discussion as to how to proceed. Mayor Burstein stated she would reach out to the developer again to see if they are willing to discuss the project, even though they said previously that they did not want to discuss unless a process is in place.

Mayor Burstein asked if anyone had any other old business. Ms. Eglow noted that 1,000 people have responded to the flexible parking survey.

Public Discussion

Mayor Burstein opened the floor to public comment. Not seeing additional comments, the public discussion was closed.

Adjournment

Mayor Burstein asked if anyone has any remaining comments or questions. Receiving none, she called for a motion to adjourn the meeting which was offered by Ms. Rosenberg and seconded by Ms. Lieberberg. The meeting was adjourned at 12:05 AM.
