

MILLBURN RECREATION

DR. STEM FOR YOUNG ENGINEERS 1ST-5TH GRADE FALL 2022

Former elementary STEM teacher, Larry, "Doc" Siegel, introduces the Engineering Design Process to young engineers who will build towers, bridges, egg catchers and more. They will collaborate, brainstorm solutions, design, construct, test and present 3D design solutions. No child is too young to think like an engineer! After all, it's about tinkering!
